# **DOGS WITH SPECIAL** **NEEDS**

**We pride ourselves on catering for every dog's needs, and because of all the rescuing and rehab` we do, we know a lot of dogs struggle with leaving their family and staying in a kennel environment. For this reason we offer a *Special Needs package*, whereby dogs can either come in the house or have a separate and quieter kennel to help their stay easier. Their daily routine is structured to suit them and their individual needs**
