I usually always have at least 2 dogs available for Adoption. These dogs will have been abandoned or mistreated and saved from unsuitable homes, bad situations or refuges where they end up on kill-lists. They are Vaccinated, Microchipped & sterilised. Quality Time is spent with these dogs to get them familiar with other animals and living in a home environment. And of course learning to trust humans again.

Home Checks are required and follow up visits made.  
Adoption fees start from 100e  
We are constantly fundraising  
and Raising Awareness  
and Donations are greatly received.

We are always looking for Foster Homes to take-on and nurture these dogs – please contact me if you can help in this very rewarding way. If you can't Adopt then please Foster, If you can't Foster then please Donate, If you can't Donate please Fundraise, if you can't fundraise please Raise awareness. *Thank you*
